NOM: To avoid false confirmation, it is requested that agencies repriating a part or the whole of this report include the BCIC RT MUNDER OF THIS REPORT, the DATE OF THIS REPORT, and MENTION OF THE SOURCE IN THE EVACT TRIMS AS GIVEN IN THIS RE-PORT. Doing so will also make it possible for MCIO to ensuer inquiries based on material reprinted by other agencies from 2010 reports.

Manian Abbrovintiona

This report, an alphabetical list of Aussian abbreviations with their meanings given in Russian, English, and German, is based on the statements and remarks of German PVn interrogated by 7707 ECIC from 1950 to Kay 1952.

This report is concerned throughout with the abbreviations which the PWs heard, read, or used during their interment in the USSR. Since, however, only a limited number of PWs mastered the Bussian language well enough to repeat the abbreviations they heard correctly, in many cases a scaning had to be applied on the basis of phonetics or on the basis of the accompanying details, that is, the associations in which the abbreviations were used.

Most of the abbreviations were applied with the same memning by most of the PWs at different times and at different places, so that the meaning and significance of the majority of the abbreviations may be regarded as correct,

A few of the abbreviations have two or even three meanings; in these cames ell possibilities are represented.

The abbreviations which are generally known and very often used such as MVD. are not included in this report.
